Monday P.M.

June 7, 1965

My dear ~~Elsie~~ Jeanette! wrote Dec. 3, 1965

Carroll has talked about you so much and has shared your letters to him with us so that I feel as though we had met.

On Decoration Day, Carroll and Nina were in Portland. Carroll called via telephone that day and told me about your accident. So I asked him to send me your address so that I could send you a card— hence the reason I do have your address. Carroll sent us Hugh's letter which we enjoyed very much.

We surely are sorry about your accident and do hope the painful part will soon subside. It seems unusual that you do not have a cast.

I see that I have written Elsie instead of Jeanette. Well,

I hope that you will forgive my error. I do know an Elsie Pope - former garden club member - so my sub-conscious mind picked up her name.

Today the two astronauts returned to earth safely. I always have to set close to the T.V. when anything of this nature goes on. I was so relieved to have them safely on the "Wasp."

Next Saturday Rowe and I will go to Corvallis. R.D.'s 1915 class will celebrate their 50th anniversary. Nick Jastar was in that class so Ruth and Nick will be at the class luncheon too.

Our Rose Festival is on this week here in Portland. Lots of things going on all week. The grand floral parade will be on Saturday but we will not see it due to our jaunt to Corvallis.

Carrol planned to go to Seattle June 12-13 to his annual meeting. He enjoys this group so much.

Please do take good care of yourself, Jeanette, and do not worry about answering this. I will be content to hear through Carrol. It seems you keep in touch with so many. I admire your ability and capacity to reach so many.

Our very best wishes to you and Hugh.

Bess & Rowe Kennedy
